January 2018

Happy

New Year

It Appears By Spears

I hope you all had a fantastic holiday season and found lots of ham radio gifts under the tree. I am sure all of you have seen or heard of the holiday classic movie "A Christmas Story" In addition to the movie version a new live TV show was featured this year. As it turns out Raphie should have been

asking for a Ham Radio instead of a Red Rider BB Gun. Jean Shepherd the author and narrator of the story was an avid ham radio operator. At various times he held the call signs W4QWN, W8QWN, W3STE and K2ORS. He was known to talk to hams throughout his life.

As you can see we have a very small issue this month as I received no submissions. If you got a new toy for Christmas, please write a story about it.

Wishing you all a safe and happy New Year.

January Program

Technology Hour. - This month's program is aiming to present the first of a series of technology oriented sessions. In this program, KF6WTN will describe in comprehensible direct terms the hardware stages, and the RF processing accomplished by each stage of a radio transceiver. The classical processing performed by discreet stages will be contrasted with the processing that is performed in a modern SDR. Questions and answers will be addressed as to specific processing techniques performed throughout the transceiver stages.

PARC operates an armature fast-scan television repeater. It's currently off the air. Currently there are not links to other ATV sites.

- ATV in: 915 MHz WBFM audio subcarrier 5.8 MHz
- ATV in 2441.5 MHz WBFM, audio subcarrier 6.0 MHz
- Intercom: 146.415 MHz NBFM simplex (tone 79.7). Currently not working.
- ATV out: 1241.25 MHz VSB, NTSC Standard

The PARC repeater site on Palomar Mountain is located at 5560 feet above mean sea level and 2132 above mean terrain. It covers most of San Diego County and beyond into Mexico and out to sea, and is shielded from the North.

Note 1: All Fusion enabled repeaters require a CTCSS tone of 107.2 Hz to access the repeater and also transmit a 107.2 Hz tone. Since the repeater output has a 107.2 tone you can enable CTCSS receive tone squelch on your transceiver which will eliminate interference from spurious noise and other repeaters. Control operators have the capability of setting the Fusion Repeaters to FM only operation. Consequently if you can't bring up the repeater in C4FM digital mode, try using normal FM mode. When in FM mode all Fusion repeaters have a 3 minute maximum transmit time, after which the repeater will cut off transmission until after the received signal drops. To prevent timing out the repeater after someone finishes talking, wait until you hear the courtesy beep which indicates that the 3 minute time has been reset. If a transmit timeout happens the repeater will provide a voice message indicating that the maximum transmit time has been exceeded.

Note 2: PARC no longer operates an autopatch or packet BBS

Membership Report

You can check the status of your membership 24/7 at Member List or go to the club's website and navigate to Join and click on "here" at the top of the page. Enter your call sign into the box and click the "Look up my membership status

now" button. To renew your membership or extend your membership, fill in the form on the Join page. Make sure you select the correct value from each of the drop-down menus (Type of Membership, How many years, I'm an ARRL Member,

Newsletter option and License Class). If you want to receive an email when your membership is coming due for renewal, please make sure that I have a valid email address for you. To do that, please send an email to Membership@palomararc.org.

Check the status of your membership 24/7 at [Member List](#). If you don't find your name and callsign on that page, then your dues have lapsed. If you have questions, send email to Membership@palomararc.org.

Donate to PARC by Shopping at Amazon

As publicized earlier this year, PARC is now a not-for-profit charity, and funds donated to PARC are deductible for income tax purpose if you itemize. PARC also announced

that in cooperation with Amazon, it is now possible to shop on Amazon at NO cost increase, and have Amazon distribute a percentage donation to PARC.

This is done by shopping on www.smile.Amazon.com. If you choose to avail yourself of this opportunity, when shopping on www.smile.amazon.com,

Polo Shirts

We're ordering Polo shirts! Some of you already have orders in with me from the last meeting, please be ready to pre-pay for them so we can get the order placed ASAP! We need

20 shirts to get the price I've been quoted. If we end up with 30+ then the price goes down and I'll have a little change for those who have pre-paid once your shirts come in! Base price: \$21.00 includes printing on the front, PARC logo on one

side and your name/callsign over the pocket. Add \$2.00 for 2XL, \$3.50 for 3XL, or \$5.00 for 4XL. Add \$5.00 if you also want the logo printed large on the back.

New Years Jokes

What happened to the Irish man who thought about the evils of drinking in the New Year?

He gave up thinking

Where can you find comedians on New Years Eve?

Waiting for the punchline

What do you cows celebrate on December 31st?

Moo Years Eve

On New Year's Eve, Marilyn stood up in the local pub and said that it was time to get ready.

At the stroke of midnight, she wanted every husband to be standing next to the one person who made his life worth living.

Well, it was kind of embarrassing. As the clock struck, the bartender was almost crushed to death.

An iPhone and a firework were arrested on New Years Eve.

One was charged and the other was let off.
